**From Brand: Adventure Publications : Bear Encounters: True Stories to Entertain and Educate** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bear Encounters: True Stories to Entertain and Educate:

Bear Encounters is a collection of stories told by everyday people. These brief and often funny encounters capture the

true nature of bears. The book includes more than 90 stories by fans of the North American Bear Center, with stories grouped into sections around common myths. After you read this book, you will never see bears the same way again.
