Absolutely LOVED it. 25 years waiting for this to happen ...By Taylorsworld Absolutely LOVED it. 25 years waiting for this to happen again and it was worth it. If you grew up like I did readin ghtis in the funnies, or love great humor. Buy this book. I got it yesterday and sat down after work and binge read it in about two hours. (Laughing at the jokes and everything slowed me down quite a bit) I only have one complaint. The Last page. That was the end of the book and now have to wait for them to come out again. 0 of 0 people found the following review helpful. Whether you started reading Bloom County in 1983 like I did or you just picked it up this ...By W. Gordon Brown Whether you started reading Bloom County in 1983 like I did or you just picked it up this startling new/old/not-quite-sure edition of Opus and the gang is like a long lost friend returning home. I first encountered Bloom County in 1983 while preparing to fly from Baton Rouge to Louisville. I decided to purchase a hither too/before unknown book of comic strips called "Loose Tails." Somewhere over the vast skies of Arkansas I read where Senator Bedfellow looked at a farmer (a man of the earth) and said....."Beg Pardon." The farmer then replied....."here, take a few pounds home for the wife." I laughed so hard that the planes flight attendants had to repeatedly check on me to make sure I was OK. I still have all of the original books, including the Outland and Opus editions. What a great gift of happiness and laughter this book has brought me. Can't wait to see what the "little nips" are up to in the September 2017 release that I have pre-ordered. 1 of 1 people found the following review helpful. opus' long nap is over...By the yesteryear kid when i learned that BB was back to bloom county i dance a lil happy dance. then i learned he was only posting strips to facebook. and my happiness faded. i hate reading on a screen. i really hate reading comics on a screen. and i absolutely detest facebook. thankfully mr. breathed has released this very nice collection. most of our old friends are back (tho bobbi is missing) and i had a great time soaking in the lunacy. this will

make you smile, laugh, and maybe bring a tear to your eye (turns out, Steve Dallas has a heart, who knew?) I can't wait for further volumes—it has been a very long nap indeed, Mr. Opus. I'm glad you are back.
