**Tony J. : Getting Old Sucks, Seriously For Young People (G.O.S.S.): A Manual for Young People (Volume 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Getting Old Sucks, Seriously For Young People (G.O.S.S.): A Manual for Young People (Volume 2):

This book will take everyone on a comic look at getting old. Why we make fun of getting old, trust that I take it very serious as I get older myself. Comedy is the best way to get the point across to young people. We will examine the pain of getting old and all the tragic things that come with getting older. We will take a look at Life List items that become Death List items as one gets older. We will also look at what I call the Funnies, how our bodies become an old temple, how memories become optional, and how your doctors become your legal drug dealers. Lastly, we will look at years of adding things, and how the parent becomes the child and the child becomes the parent. Enjoy!

About the Author Author, Coach, and Philosopher, Tony Johnson graduated from the University of Southern California in Los Angeles, CA with a bachelor degree in Business Administration. He has been a manager for over 20 years, reaching as high as Senior Vice President with Lehman Brothers Bank.
