**Rod Green : The Little Book of Lager** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Little Book of Lager:

The Little Book of Lager is as satisfying as the first pint of the weekend, as funny as your mate after five and cheaper than a round. Full of facts, figures, quotes and brilliant one-liners this is a celebration of pub culture. The best beered-up witticisms from Danny Baker to Robbie Williams to Charles Dickens and a steady stream of extraordinary facts and figures. Do you know how many pints the average man will consume through his life? What does your choice of lager say about your personality? (If it's Heineken Export change now.) The perfect present for the drinker who really doesn't need any encouragement...

From the Inside Flap  
A brilliant Little Book for Britain's lager drinkers. Full of facts, figures, quotes and hilarious one-liners, this little book is a celebration of pub culture, and is the perfect gift for the drinker who doesn't really need encouragement!  
About the Author  
Rod Green, previously an editor for DC Thompson, Boxtree and Virgin Publishing, is now a freelance writer and editor. He lives in Surrey with his wife and son.
