Bradley Trevor Greive : The Meaning of Life before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Meaning of Life:

1 of 1 people found the following review helpful. Much needed therapy for a recovering overachieverBy Monae MillerI first saw this book as a random book placed on a doctor's office table for light reading and immediately fell in love with the title alone. I am one of those people who just do too much. I am a giver and it is hard to say "no" most of the times. In a light and funny way I kind of received the therapy I needed to start thinking of myself for a change and not doing the things I do not want to do. The author of this book definitely knew what he was talking about and I feel better knowing that I am not alone in always doing too much.1 of 1 people found the following review helpful. The Best MedicineBy PattimacA wonderful friend gave me this book a few years ago. It is priceless. I get it out every now and then and LAUGH all over again, especially at page 39! I have sent this book to two other friends who I felt needed it. For nature lovers, animal lovers, people lovers -- this little book is a special treat.1 of 1 people found the following review helpful. Great meaningBy Rockstar BettyI bought this as a gift for a good friend who always takes on too much and this didn't disappoint. The pictures are cute, as always and the message had enough of a takeaway that it summed up things I had wanted to say. If you know someone this applies to, this is totally worth the buy.

This is the first paperback edition of the classic gift book.It's an age-old question that has stumped the great minds of history: What is the meaning of life? In his hilarious and uplifting style, best-selling author Bradley Trevor Greive

finally provides the answer: Figure out what you love and do it. Illustrated with playful photographs of animals, BTG's insightful prose again hits his target straight on. He muses about why we're here and our greater purpose in the grand scheme of things. His informal style provides a refreshing counterpoint to what has always been one of life's big debates. For example, when it comes to discovering your passion, BTG writes, "First, no one else will tell you about it--it's just like walking around all day with a sign on your back that says KICK ME. The Meaning of Life is a witty, thought-provoking book that makes an ideal gift for anyone who's seeking their true purpose--and wants to laugh along the way.* NOTE: The price on the cover is an easily removable sticker.

About the Author? Since the debut of his international bestseller *The Blue Day Book*, Bradley Trevor Greive has become a household name in more than 115 countries. A former Australian paratrooper, BTG left the army to pursue more creative misadventures. He has been bitten by wild monkeys and rabid bats and was accepted into Russia's cosmonaut training program--though those incidents were, by and large, unrelated. BTG spends most of his time in a tiny Tasmanian hamlet.
