Ada Adverse : The Mills Boon Modern Girl's Guide to: Happy Hour (Mills Boon A-Zs) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mills Boon Modern Girl's Guide to: Happy Hour (Mills Boon A-Zs):

0 of 0 people found the following review helpful. Don't waste your money!By SandyI bought this in high hopes of its being an amusing gift for a friend. It isn't amusing -- it just plain silly! There is no way I would give such an idiotic

book as a gift. I will donate it to the library sale -- although I can't imagine anyone would be crazy enough to buy it. What a waste of money!

Perfect for the gin drinker in your life.' - The Sun

`These tongue-in-cheek A-Z books provide laughs galore with advice on how to survive the modern world. Tackling crucial topics such as drunken eBaying, office fridge etiquette and explaining your job to your parents, each guide is guaranteed to make you smile.' - Bella`Perfect for the gin drinker in your life' - The Sun`Hilarious indispensable guides to life' - Woman and Home`This fun and feminist series of humour books celebrates the sisterhood with a wry smile.' - RedAbout the AuthorAda Adverse was brought up in a deeply puritanical household where looking at a cake or using words containing more than one vowel were considered decadences punishable by a night in the coal cellar. But at fifteen she ran away from home and is now the world's leading authority on Having Fun, which is definitely an actual job, she has `Fungineer' printed on her business cards to prove it, though in retrospect she should have been more clear that this does not mean she specialises in mushrooms. Ada's hobbies include topiary, mazes, homing pigeons, flea circuses, forming imaginary bands in her head, embalming things, tattoos, pylons, and the films of Billy Wilder. Ada's dislikes include predatory mcaws, getting out the wrong side of the bed, collections of masks, and porcelain dolls with realistic teeth.
