Stuart Carapola : The Most Offensive Storylines In WWE History before purchasing it in order to gage whether or not it would be worth my time, and all praised The Most Offensive Storylines In WWE History:

0 of 0 people found the following review helpful. Very relevant nowBy Mick RoseGreat book, shows that the WWE do not learn from there mistakes. Book is very relevant now.0 of 0 people found the following review helpful. For all the talk nowadays about how things were better before, these storylines remind you that even in ...By D. A. DuronThe book delivers on what the title states:Stu goes in-depth on the top 10 most offensive storylines in WWF/WWE history. The storylines in their entirety are recapped, and little details that I had personally forgotten about are included.

Besides those 10 storylines there are several storylines that were just as offensive and definitely deserved "honorable mentions". For all the talk nowadays about how things were better before, these storylines remind you that even in the good ol' days the stuff that came from Vince and/or creative's mind was just as bad. Excellent read and I'd definitely recommend it for those who have been fans of professional wrestling for years now and/or those who might've stepped away from the business for a while in order to be filled in on storylines like these that seem too bad to possibly be true. 1 of 1 people found the following review helpful. The Most Offensive Storylines in WWE History is a great read by Stuart Carapola. By Javier A. Rivera Ortiz. The Most Offensive Storylines in WWE History is a great read by Stuart Carapola. It's a nice, fun journey to the past and Carapola gives a nice touch of humor to each chapter. I'll be checking out some of his other books because I thoroughly enjoyed this one. Highly recommended.

WWE has always been willing to take risks and push the envelope to entertain its fans. Sometimes that works out great, but other times, WWE comes away looking incompetent at best, and downright tasteless at worst. This book looks at the absolute worst of the worst, the storylines that not only misfired on all cylinders, but made us embarrassed to be wrestling fans. Relive Big Show's anguish as the Big Boss Man stole his dead father's casket, the night Dawn Marie killed Torrie Wilson's father with her overactive sex drive, Muhammad Hassan's transformation from All-American kid to hardened Arab terrorist, and of course, Vince McMahon's feud with God! This book also includes the following bonus titles: -Wrestling History Revisited: Rewriting The HDNet Era Of Ring Of Honor -Pro Wrestling Stars of the 90s Volume 3: Yokozuna -Make Up Your Mind: The Wrestlers With The Most Babyface Heel Turns
