big variety of different jokes that are in no way politically correct. And as the description says, there's something to offend just about everyone. You'll be reading it, laugh out loud, and then look around to see if anyone caught you laughing! I couldn't resist it, especially for the price.

These jokes are so raw and outrageous, it just wouldn't be right to mention any here. We just might offend somebody. You should just get yourself a copy to enjoy in private!
