Dave Rosen : The Quebec Neverendum Colouring and Activity Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Quebec Neverendum Colouring and Activity Book:

This book comes as a welcome injection of irreverence into Canada's never-ending national debate? a whoopie cushion under the seat of political propriety. The Quebec Neverendum Colouring Activity Book is a spoof of Canada's never-ending constitutional crises? combining political satire with a parody of children's activity books. Alternating between humorous, ready-to-colour full-page cartoons and "interactive" games and puzzles. - Build a Daniel Johnson Puppet! - Help Lucien Bouchard Write a Speech! - Find Out What Jean Chr tien's Plan B Really Means! - How to talk to Anglos - Lucien Bouchard's Top Ten Reasons for Qu bec to Separate

About the Author Dave Rosen's cartoons appear in Hour, the Montreal alternative weekly, and are featured annually in Portfolio, a collection of the year's best editorial cartoons. He lives in Montreal where he works as a stand-up comic and broadcaster.
