Matt Groening : The Ralph Wiggum Book (Simpsons Library of Wisdom) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ralph Wiggum Book (Simpsons Library of Wisdom):

When it arrived, I was shocked to see what a thorough exploration of the character it was. I'm not saying it's all canon in terms of the show, as i saw some complaints that there was stuff in this book that wouldn't make sense to the Ralph character (such as his love for Lisa) due to them "breaking up" in a past episode, but come on, that's a hogwash complaint. The whole point of this book is to entertain, and it does so in spades, so it comes highly recommended. And this is coming from a huge 'The Simpsons' fan himself. Oh, and by the way, my girlfriend loved it, too. 1 of 1 people found the following review helpful. my 12yo has not enjoyed a book so much in years By Amy McDonald this book is smaller than I thought it would be but it was so jam packed full of information ,my 12yo has not enjoyed a book so much in years , we had to tag team reading it to him as he did not want to stop , it was so funny as well 0 of 0 people found the following review helpful. The Ralph Wiggum Book is an all–new book from the new series: The Simpsons Library of Wisdom. There's more to

Ralph than meets the eye. He might be that kid you feel like pointing towards and laughing at, but Ralph Wiggum has a 'special' way of disarming you with his completely off-kilter statements that always have the ring of truth about them. See the world through Ralph-coloured glasses as he muses on household pets, poetry, constellations, homemade gifts, hiding spots, sports, school, right and wrong, crime and punishment, love, leprechauns, wookies, wiggle puppies and a lot more non-booger and paste-related subjects. So don't just stand there with your finger up your nose . pick a winner with The Ralph Wiggum Book. In The Simpsons Library of Wisdom, Matt Groening, the creator of 'The Simpsons', offers an ongoing series of portable and quotable books that will eliminate the need for all religions and philosophies, exalt man's role in the universe and make the world a better place ... sort of. No other television show in history has commented so freely and so humorously on modern times, and there seems to be no end in sight for the sharp satire and pointed parody that 'The Simpsons' serves up every night of the week all around the world.
