Chris Wild, The RETRONAUT : The Retronaut Guide to Raising Children: The Past Like You Wouldn't Believe before purchasing it in order to gage whether or not it would be worth my time, and all praised The Retronaut Guide to Raising Children: The Past Like You Wouldn't Believe:

0 of 0 people found the following review helpful. Nice book, not necessarily a gift for new parentsBy Mary MaryI find this book rather ho-hum. What I like is that it enables them to make for books. I love what they do . I hope they make that one on Switzerland !!!0 of 0 people found the following review helpful. Recycled in a bad wayBy Desert DwellerLess fun than expected. It's a small book with low quality photos and paper. Much better as a Buzzfeed article.0 of 0 people found the following review helpful. Two StarsBy RROK but not a lot of great photos.

The highly successful Retronaut blog looks at the past as it has never been looked at before. Here, in the first of a new series of Retronaut books, the site's founder, Chris Wild, brings together an astonishing and thought-provoking collection of photographs from the hidden and forgotten corners of the archives. Often witty and entertaining, but also thought-provoking and at times puzzling, the images are chosen to shift our perceptions of history, making us think and look again. Starting with a crowd-pleasingly humorous selection, The Retronaut Guide to Raising Children is certain to raise a smile when you discover what our ancestors considered to be good parenting in the days before the 'care' was put into childcare. Designed to raise a smile in our politically correct world, this makes a perfect gift for a new parent, and anyone who needs reminding that modern parents are not as bad as all that.

About the AuthorChris Wild spent several years in arts management and education before starting up his first blog. Discovering a rare archive of coloured photographs of 1900s Paris gave him the inspiration to start Retronaut in 2009, with the specific aim of finding images that made you look at the past differently. The response to his curation was

overwhelming, with his site reaching 1 million subscribers in three years. In August 2014 the site was licensed to Mashable, in just a few months becoming Mashable's most shared content. Chris is now in the process of curating a touring Retronaut exhibition, as well as starting up a Retronaut YouTube channel.
